

# DATA SCIENCE INTERNSHIP / WORKING STUDENT

Teilzeit

Informationstechnologie

Zürich, Zurich, Switzerland

**JETZT BEWERBEN ([HTTPS://JOBS.SMARTRECRUITERS.COM/SIKAAG/744000044545415-DATA-SCIENCE-INTERNSHIP-WORKING-STUDENT?OGA=TRUE](https://jobs.smartrecruiters.com/SIKAAG/744000044545415-DATA-SCIENCE-INTERNSHIP-WORKING-STUDENT?OGA=TRUE))**

 **TEILEN**

For our Web- & eCommerce Team we are looking for an additional member, who can be a full-time intern as well as staying with us longer term as a part-time working student.

As we have multiple different projects, we are able to offer interesting topics for students who are looking to gain some experience in fields such as; data science and data engineering, business analysis, and other technical fields in order to create business applications and automate processes.

## Example assignments:

Functional and semantic similarity modelling for chemical products

Recommendation/ranking algorithms for eCommerce platform

Exposing training materials with interactive chatbots

Website parsing with AI avoiding hallucinations and information loss

## What we offer:

Dynamic and fun team

Multicultural environment

Working with senior tech leads

Visibility to IT management if that is perceived motivating

Well defined projects in case school requires formal documentations for credit(s)

## Your expertise - Our strength

Basic understanding of:

- ✓ at least one programming/scripting language
- ✓ database technologies and a query language
- ✓ data engineering and science basics

Soft skills:

- ✓ Willingness to learn
- ✓ Enjoyment of problem solving
- ✓ English language is needed, German/Spanish knowledge is advantage
